

EU PPWR

Packaging Compliance Statement

Regulation (EU) 2025/40 on Packaging and Packaging Waste (PPWR)

Company	Coilmaster Electronics Co., Ltd.	Revision	1.0
Document No.	CPRM-PPWR-001	Statement Date	10-Aug-2026

To whom it may concern,

Coilmaster Electronics Co., Ltd. has conducted an initial compliance review of the packaging materials used in connection with products supplied to our customers against the requirements of Regulation (EU) 2025/40 on Packaging and Packaging Waste (PPWR) that are applicable to such packaging as of the date of this statement.

Based on the results of this review and the information currently available to Coilmaster, including compliance information communicated by our packaging material suppliers, our current assessment, to the best of our knowledge, is that the packaging materials currently used for our supplied products meet the applicable PPWR requirements in effect as of the statement date.

Scope

This statement applies to packaging materials used by Coilmaster for the transportation, storage, handling, and protection of products supplied to customers, as applicable to the relevant product and shipment configuration.

Compliance Basis

Our compliance assessment is based on supplier compliance information, material information, declarations, specifications, and other relevant supporting information currently available to Coilmaster. Such information forms part of our packaging compliance management process and is subject to ongoing review and maintenance.

Relevant supporting technical and compliance documentation is being progressively consolidated, reviewed, and updated as additional documentation becomes available from our packaging supply chain.

CURRENT REVIEW STATUS Based on the information evaluated to date, no known non-compliance with the PPWR requirements currently applicable to the packaging materials covered by this statement has been identified.

Ongoing Compliance Management

Coilmaster will continue to monitor applicable PPWR implementation timelines, regulatory requirements, implementing measures, standards, and technical specifications, and will maintain and update relevant packaging compliance documentation as necessary.

This statement reflects Coilmaster's current compliance assessment based on the information available as of the statement date. It is provided as a general customer and supply-chain compliance communication and does not replace packaging-specific technical documentation or any EU Declaration of Conformity required under Regulation (EU) 2025/40.

Sincerely,

Coilmaster Electronics Co., Ltd.
